To Obtain Medical Care

1. Meet a local doctor before illness
2. Report symptoms early.
3. For emergency treatment when he is unavailable or the condition warrants go to the Emergency Room at the Norfolk General, DePaul or Community Hospitals in Norfolk —Maryview or Portsmouth General Hospitals in Portsmouth. They are fully staffed and equipped night and day for treating medical and surgical emergencies. Many serious conditions are more safely treated there. Your physician may want to meet you there.
4. Note that listings in this section are office numbers. See white pages for home numbers.
5. For information and advice, call Doctors Answering Service—MA 2-5333 A doctor can be contacted in emergencies.
6. Please refer complaints and suggestions in writing to "Professional Relations Committee."

The next best thing to attending a family reunion in person is a get-together by low-cost long distance. You can be connected with different members of your family at different places on the *same* long distance call. Each can talk and be heard by the others. Just ask for the Conference Operator — she'll be glad to take care of the details.

ASK YOUR BUILDER to install conduit for up-to-date telephone wiring. It conceals and protects wiring within the walls. It allows you to provide now for future additional telephones, which can be installed when you need them — without cutting through walls and floors, without exposed wiring. It costs little to install during construction.

All modern systems for employing electricity in speeding men's messages are made up of multitudes of "sympathetic contrivances." Even the most minute details of the vast amount of equipment and other facilities required to provide nation-wide telephone service must be so designed and fashioned as to work together in perfect harmony and coordination—in an inanimate sympathy, as it were, which enables them to function as parts of an efficient, dependable whole.

The easy way to solve your problem is to look in the Classified Pages of the Telephone Directory. Even the most minute details of the vast amount of equipment and other facilities required to provide nation-wide telephone service must be so designed and fashioned as to work together in perfect harmony and coordination—in an inanimate sympathy, as it were, which enables them to function as parts of an efficient, dependable whole.

The new *Princess*

It's little . . . It's lovely . . . It lights!

The new Princess phone is dramatically different in size and styling from any extension you've ever seen before. And for good reasons!

It's *small*—to take up less room on table or desk. Light in weight too—entire phone is easily carried in one hand.

It's *modern*—for the modern taste that asks for beauty with simplicity. Its low, lovely lines grace any setting.

The dial lights up when you lift the receiver and becomes a soft night-light at the flick of a switch.

To order, just call or visit your C&P business office or ask a telephone installer or repairman.
